

HULL HOOPLA!!!

technical specifications

- **Access**

Required: Access for van (length: 21 feet - width: 7 feet - height: 9 feet) with parking space nearby.

- **Duration of the show**

13 minutes approx. with possibility of booking up to 3 shows with 1 hour minimum intervals.

- **Public seating**

Audience capacity depends of location and substructures (best arranged in a semi-circle, but a complete circle is also possible).

- **Stage**

- The mast is free-standing and requires a hard, flat surface with a 3% slope maximum (in case of grass contact us).
- Stage area: Length: 17 feet (5m) - Width: 17 feet (5m) - Height: 38 feet (min) (11,50 m).
- We do not use pegs, clips, cables or ropes of any kind (the mast is free-standing).

- **Dressing rooms**

- Dressing room with running water, tables and chairs.
- Access to toilets nearby.
- 2 liters of mineral water per day, available from the very first day for the set up.

- **Setting up/taking down**

- Setting up takes up to 2 hours, depending on the location.
- Taking down the installation takes 1 hour.

- **Equipment provided**

- All props and accessories required for the performance.
- Original sound track on CD, USB or MP3 player.

- **Equipment not provided**

- **Sound:** A professional-quality audio system, appropriate for the location.
- **Lights:** For night shows only, contact us for more details.

- **Technical staff**

- **Before the show:** 1 person needed for the whole duration of the setting up. 3 additional people to help with the raising of the mast only (10 minutes). 1 sound engineer to set up the audio.
- **During the show:** 1 sound engineer.
- **After the show:** Packing up requires the same personnel as setting up.
